## HM&A # 48 His Robes for Mine

### Part One

With all these unbiblical beliefs, where does one begin to witness to a Jehovah's Witness? There is only one place to begin—with the person of Christ Jesus, whose deity is the foundation of Christianity. Jehovah's Witnesses are unable to grasp the significance of Jesus' death and why they must be born again in order to have their sins forgiven. Before they can put all their trust in the finished work of Christ Jesus, they have to understand they are not saved, which means they are presently lost in their sin.
